The Rape Prevention Education Program is offering several programs on self defense during June including:

- Tear gas certification class. Thursday, June 3 from noon to 3 p.m. Campus community, $7.
- One-Day Self Defense Workshop. Saturday, June 5 from 9 a.m. to 5 p.m. Campus community, $5; general $25.
- Assertiveness Training for Women. Tuesdays, June 1 to 22, 1:30 to 4:30 p.m. Campus community, $5.

Pre-registration is required for all courses. Fee is forfeited if cancellation is received less than 24 hours before class. For further information on tear gas certification classes and self-defense workshops call x5683. To register for assertiveness training call x4032.

An update on selected, often controversial topics in clinical neurosurgery for physicians and nurses will highlight the joint program of the Neurosurgery Postgraduate Course and Neurosurgical Nurses' Conference on Thursday and Friday, June 3 and 4.

Held at the S.F. Hilton, the program will feature lectures by distinguished visiting faculty and selected faculty from UCSF including Charles B. Wilson, MD, professor and chair, Neurological Surgery and research associate, Cancer Research Institute.

The program is presented by UCSF's Department of Neurological Surgery and sponsored by Extended Programs in Medical Education.

For registration information call x2894 or x2483; program information, x4251.

DEADLINE

Deadline for the next issue of *Today & Tomorrow*, which will cover the period June 5 to 18, will be **Tuesday, May 25, 11 a.m.** Please send your copy to Allen Balderson, News & Public Information Services, 532 Parnassus Ave., Rm. 300, x1541 or x2557.

Due to budget cuts and rising costs Continuing Education in the Health Sciences will offer no new programs after July 1, 1983, it was announced regretfully by Shirley S. Chater, PhD, vice chancellor, Academic Affairs.

Acting dean Velma Parness has recommended a severe curtailment of programs and a marked reduction of personnel effective immediately. In addition, Continuing Education General Services, under Mae Ling Yee, will be discontinued no later than December 31, 1982.

Program proposals and general inquiries will be referred to the appropriate professional schools.

A new Division of General Internal Medicine has been created within the SFGH Medical Service. Richard J. Haber, MD, UCSF assistant professor of Medicine, directs the division; Richard H. Fine, MD, associate professor of Medicine is associate director.

A major function of the division will be to administer a new UCSF primary care internal medicine residency training program, to be based at SFGH. It will begin in July, 1982 with a total of nine residents, three in each of the three year levels of the program.

The new residency program is one of a very few in the country aimed at serving the special needs of the inner city, according to Merle A. Sande, MD, professor and chair, SFGH Medical Service. In addition to conventional training in general internal medicine, residents will gain expertise in treating health problems common to urban settings, such as alcoholism, drug addiction, TB, and the physical, social and psychological needs of refugees.

A special open enrollment period for all UC employee health insurance plans will be held through Friday, June 18, with changes effective August 1, 1982. There will not be a November open enrollment for health plans this year.

The reason for this special open enrollment is because most of the health plans offered to UC employees will have significant premium increases on August 1, including a Prudential rate increase of 42%, Blue Cross 29%, as well as increases in premiums for Health Maintenance Organizations (HMOs). There will be no increase in the employer health plan contribution before October 1, if then.

UC-Systemwide is providing summaries outlining the revised benefits and premiums for all health plans. These will be distributed shortly by the Personnel Benefits Office to each campus department.

All UC employees are asked to read the revised plans carefully because there are substantial benefit modifications in two of the plans:

- Among other changes PRUDENTIAL's deductibles will increase from $75 per person to $200 and from $200 per family to $400; all surgery will be covered at 80% instead of 100%; the stop-loss will increase from $3,000 to $5,000; benefits for well-baby care will be eliminated; the lifetime maximum benefit will increase from $1 million to $2 million.
- Major benefit changes for BLUE CROSS are: inclusion of hospital expenses in the

The Chancellor's Award for Public Service will be presented at ceremonies on Wednesday, May 26 from 2:30 to 3:30 p.m. in the combined lounges of Millberry Union.

Two awards will be presented to **Lucy S. Crain,** MD, assistant clinical professor of Pediatrics and Family and Community Medicine, "for her continuing commitment to health education in public schools and her leadership of professionals concerned with services to the developmentally disabled"; and to **Theodore G. Tong,** PharmD, associate clinical professor of Clinical Pharmacy and Clinical Pharmacology, "for his continuing efforts to make the Bay Area a healthier place to live through the creation of the S.F. Bay Area Regional Poison Center, his work on the Association of Bay Area Governments Hazardous Materials Spill Task Force, and his involvement in the S.F. Chinese Community."

The Edison Uno Award winner is **Stella H. Kiyota,** academic personnel assistant, Office of the Vice Chancellor for Academic Affairs, "for her leadership role as a founding member of the Nihonmachi Political Association, as a board member of the Japanese Community Youth Council, and her unselfish commitment to improving the community in which she lives."

Joseph Spinelli, director, Animal Care Facility, who also won the 1973 Chancellor's Award for Public Service, will be the guest speaker. Chancellor Sooy will present the awards.

The UCSF Faculty Wives presented a check for $10,000 to Graduate Division Dean Lloyd Kozloff at their annual luncheon meeting on May 5. The check, presented by outgoing president Ilse Steinbach, was turned over to Nancy Kull for the Student Loan Fund. Kull, financial aid director, was the luncheon speaker.

Honory guests were Mrs. Ira Heyman, wife of the UC-Berkeley Chancellor, and Betty Sooy, wife of the UCSF Chancellor. The group made a presentation of $100 in Mrs. Sooy's name to the UCSF Child Care/Study Center and gave her an honorary membership plaque for "her generosity and support" of the Faculty Wives.

New officers are: Donna Brandborg, president; Ann Haase, president-elect; Sally Allen, vice president and program chair; Mickey Vender, recording secretary; Fran Trafton, corresponding secretary; and Judith Hoar, treasurer-elect.

Harold H. Lindner, MD, clinical professor of Surgery and Topographical Anatomy, was given the Charlotte Baer Memorial Clinical Faculty Award at the annual School of Medicine Alumni-Faculty Association Homecoming on May 15.

The honor is presented each year to a member of the UCSF clinical faculty for outstanding service to the School of Medicine. It is named for the late Dr. Baer, a 1941 School of Medicine graduate and longtime clinical faculty member who died in 1973.

Lindner, a member of the clinical faculty for 45 years, was honored for his participation in the "Introduction to Clinical Medicine" course and his teaching of surgery and anatomy. A 1933 School of Medicine graduate, Lindner received the school's Distinguished Service Award Medal in 1968 and the UC-Berkeley Chancellor's Citation Award in 1981.

Fourth-year medical student Sharron Mee accepted the award for Lindner, who is in Yugoslavia as a visiting professor.

In addition, the A-FA presented four senior medical students with academic achievement awards. They were Luis J. Picker, Diane R. Newton, Judith M. Lyding and Evan D. Bloom.

A new clinic aimed at helping physicians provide the proper care for teenagers who are obese, overweight or have definite food abuse patterns, has been started by the UCSF Adolescent Medicine Unit.

Called the "Adolescent Eating Disorders Clinic," the program assesses the behavioral patterns, family interactions and pyschological aspects of these teens with incipient eating disorders. Clinic specialists work with the referring pediatrician in assessing the problem, and then recommend an appropriate program to help the adolescent. Existing programs include the group weight management program called "Shapedown" as well as individual and family counseling.

Nutritionist Laurel Mellin directs the clinic with social work and psychiatric services provided by Marna Cohen, LCSW, and Child Study Unit Director Martin Glasser, MD, respectively. Charles Irwin, MD, and Dennis Styne, MD, provide medical consultation. For further information contact Laurel Mellin at x2184.

This year's Helen Nahm Research lecture will be held in honor of the late Eugenia H. Waechter, RN, PhD, for her years of service and contributions to the UCSF School of Nursing and the nursing profession.

Tamar Krulik, RN, DNS, a former student of Dr. Waechter, presently director of the Department of Nursing at Tel-Aviv University, Israel, will present "Death Anxiety and Loneliness in Chronically Ill Children," on Friday, June 4 in Room N 721 from 2 to 4 p.m.

A reception will follow in the School of Nursing building mezzanine from 4 to 5:30 p.m. Individuals planning to attend the reception are asked to contact Arlene Ennis at x4544.

School of Nursing commencement exercises will be held Saturday, June 5 at the Marin Civic Center Auditorium at 10 a.m.

Some 200 students will be graduated: 39 BS degrees, 152 MS and 8 DNS. Chancellor Sooy will be the commencement speaker, and Winifred Incerti; '37 graduate and former faculty member of the school, will be honorary marshall. Other speakers include BS candidate Susan Hill, MS candidate Susan Blake, and DNS candidate Kathleen Dracup.

Three awards will be given this year to outstanding students: the Florence Nightengale Award to a baccalaureate student, an Outstanding Master of Science Student Award, and a Distinguished Dissertation Award to a doctoral candidate.

New ASUCSF officers for the 1982-83 academic year are: Elsa Aguilar, executive director; Mark Perez, executive vice president; Miguel Burgueño, vice president, Academic Affairs; Helen Lajean Collins, vice president, Community Health; and Juan DeLaRiva, vice president, Student Affairs.

The Second Annual Chauncey Leake Day will be held on Wednesday, June 16. Ceremonies will begin at 11:30 a.m. and will include tree and flower planting in Saunders Court and other areas of the campus. Music will be provided by UCSF's own marching band. (A complete schedule of events will be listed in the next issue of *Today & Tomorrow*).

A plaque honoring Leake will be placed in his old office at 1344 Third Avenue. The campus community is invited to an open house to visit the office from 2 to 4 p.m. that afternoon. The office is presently used by Environmental Health and Safety as an audio-visual training program center.

Leake Day is part of UCSF's on-going beautification plan and honors the distinguished scientist and teacher, who died in 1978 after devoting a half century of service to UCSF.

UCSF and five health agencies in the city have joined forces to present health care information to public, private and parochial schools in S.F.

The agencies are the American Heart Association, American Lung Association of S.F., American Cancer Society, American Red Cross and the March of Dimes. The cooperative venture was initiated by the Office of Public Service Programs, under Tom Gwyn.

Each agency has contributed $2,000 to the Office of Public Service Programs to fund a resource directory for school health education. The material will form curricula for some 59,000 S.F. public school students from kindergarten to the 12th grade, and for some 28,000 students in private schools.

The S.F. School District will provide an additional $3,000 to print extra copies of the directory and to fund planning meetings for teachers and in-service workshops.

In addition, the new S.F. Advisory School Health Education Committee, comprised of several representatives from community health agencies, S.F. Unified School District, PTA, S.F. Archdiocese, S.F. Dept. Public Health and UCSF, is presenting a health fair on Tuesday, May 25, for the students at the Ben Franklin Middle School. This will be used as a model for a future city-wide health fair.

All UC employees who belong to the PERS retirement system will have an increase in interest credited from 6¾% to 9% effective July 1, 1982. All member accounts on deposit July 1, 1982 will also be credited with a one-time additional 1% interest based on June 30, 1982 balances. The increased interest rates will not apply to any PERS refunds paid before July 1, 1983.

Any PERS member who is considering redeposits or payments for early service may wish to make inquiries before July 1 to have the advantage of the lower interest rate. For further information contact Mary Kahn or Judy Kell at x1843 or x1400.

Pacific Telephone has announced that customers will be charged from $1.50 to $10 for all out-of-state directories. Any department in need of these should send a written request, including a budget number to be recharged, to the Telecommunications Office, G level, Millberry Union.
